REF:OCCL:DH

ENF: MA-08-44

October 10, 2008

**Board of Land and  
Natural Resources  
State of Hawaii  
Honolulu, Hawaii**

**REGARDING:** Enforcement File No. MA-08-44  
Regarding the Alleged, Unauthorized Removal of Ili ili Rocks from  
the Shoreline at Waiehu Beach

**BY:** Alleged, Michael and Sylvia Kop

**AREA:** Waiehu Beach – Seaward of TMK: (2) 3-2-015:005

**LOCATION:** Waiehu, Wailuku District, Island of Maui

**SUBZONE:** Resource

**DESCRIPTION OF AREA:**

The unauthorized taking of Ili ili rocks took place at Waiehu Beach (referred to an area called “Sand Piles”), Wailuku District, Island of Maui. The area has been identified as state-owned unencumbered public lands, and is also located seaward of the shoreline in the State Land Use (SLU) Conservation District, Resource subzone (**Exhibits 1, 2 & 3**).

**ALLEGED UNAUTHORIZED LAND USES:**

On June 9, 2008, the Department of Land and Natural Resources (DLNR), Division of Conservation and Resources Enforcement (DOCARE) Maui Branch forwarded a complaint regarding the unauthorized taking of Ili ili rocks to the Office of Conservation and Coastal Lands (OCCL) and Maui District Land (MDLO) for review and disposition. The following is a summary of events that occurred according to the DOCARE report as well as the photographic evidence (**Exhibit 4**):

*May 29, 2008*

Young Brothers personnel, Mr. David Dutro, reported to DOCARE that large amounts of Ili ili rocks were in the process of being shipped to Oahu. The rocks were to be shipped from Maui to Oahu on May 30, 2008. DOCARE contacted Mr. Dutro via phone; he related a male had checked in approximately sixteen five gallon buckets of Ili ili. Mr. Dutro and his coworker, Mr. Johnson Ai (a machine operator), asked the male what the rocks were for; the male allegedly responded the rocks were for their Hula Halau, cultural purposes, hula implements, and for lomi lomi stones (used for massage). Mr. Ai recalls the male stated that they collected the rocks at Waiehu Beach.

DOCARE conducted a site inspection at the Young Brothers Pier 1 location; they were directed to a pallet containing sixteen five gallon buckets of rocks. One bucket was opened and revealed Ili ili rocks filled to the top of the bucket. The Bill of Lading indicated a shipment was from Syl Kop to Mike Kop/Hula Supply Center.

DOCARE contacted Maui District Land Office staff, Mr. Daniel Ornellas, who noted no permit was issued to Michael Kop. DOCARE informed Young Brothers Supervisor, Mr. Ronald Lee, that the ili ili rocks would be seized.

DOCARE further contacted witness, Mr. Jake Yasui, who observed a van parked directly across from his residence (201 Lower Waiehu Beach Road), which is located across from Waihehu Beach and the area referenced as "Sand Piles." He observed three people carrying at least ten orange and white (five gallon) buckets from the shoreline to the van.

DOCARE contacted several rental car companies to find the vehicle in question. Alamo Rent A Car personnel confirmed that alleged Sylvia Kop rented a 2008 Silver Chevy Van (License MSB-097); the van was to be returned later that day. The phone number (284-9229) provided by Alamo Rent A Car matched the number on the alleged Bill of Lading. DOCARE waited for the vehicles return; whereupon the alleged, Michael Kop was contacted.

DOCARE officer, Mr. Dexter Tom, stated to Mr. Kop he was conducting an investigation involving the rocks that were removed from the shoreline; prior to completing the sentence Mr. Kop uttered, "yeah I took the rocks. It's for cultural purposes." He was informed he required a permit for the rocks removal; he related he was unaware of the requirement. The alleged Mr. Kop noted that there were other members of their Hula Halua who helped them -- however he and Mrs. Kop noted they will take responsibility for the alleged, unauthorized taking of ili ili rocks from Waiehu Beach.

Staff notes departmental records do not indicate correspondence from the alleged, Mr. and Mrs. Kop, regarding the unauthorized taking of ili ili rocks from Waiehu Beach that occurred in the Conservation District, Resource subzone. The unauthorized taking of ili ili rocks from the Waiehu Beach by alleged, Mr. and Mrs. Kop, is considered one land use that occurred in the Conservation District without a permit, and is the subject of the staff report.

## **REFERRAL OF ALLEGED VIOLATIONS TO THE LAND BOARD RATHER THAN THE HEARING OFFICER/ADMINISTRATIVE PENALTY SYSTEM (HOAPS):**

The alleged violations have been referred to the BLNR rather than HOAPS because of the seriousness of the violations<sup>1</sup>. Due to the nature of the violation, staff determined that the violation must be referred to the BLNR as a Level I violation.

## **RESOLUTION OF UNAUTHORIZED LAND USES:**

### Conservation District

Chapter 13-5, Hawaii Administrative Rules (HAR) and Chapter 183C, Hawaii Revised Statutes (HRS), regulate land uses in the Conservation District by identifying a list of uses that may be allowed by Conservation District Use Permit. The chapters also provide for penalties, collection of administrative costs, costs associated with land and/or habitat restoration, and damages to state land for uses that are not allowed or for which no permit has been obtained. Chapter 13-5, HAR defines "land use" in part as: the placement or erection of any solid material on land or the grading, removing or dredging of any material or natural resource on land.

The unauthorized taking of ili ili rocks from Waiehu Beach by the alleged Mr. and Mrs. Kop is considered one land use that occurred in the Conservation District, Resource subzone without a permit, and therefore violate the above chapters. This report and staff seek conditions to resolve the one Conservation District violation. Pursuant to Chapter 183C, HRS, the maximum fine for a Conservation District violation is \$2,000 per violation in addition to administrative costs, costs associated with the land and/or habitat restoration, if required, and damages to state land. After written or verbal notification from the Department, willful violation of this section may incur an additional fine of up to \$2,000 per day per violation for each day the violation persists

## **DISCUSSION:**

Staff notes the stated purpose of the Conservation District law is to protect and conserve the natural resources. The section of the law, Hawaii Revised Statutes (HRS), Section 183C-7, refers to the enforcement of our conservation laws that should have a deterrent effect on people to prevent them from doing, or allowing malfeasance within the Conservation District.

Land use is defined in Hawaii Administrative Rules (HAR), Section 13-5-2(2) as:

"the grading, removing, harvesting, dredging, mining or extraction of any material or natural resource from the land."

---

<sup>1</sup> HOAPS distinguishes between Level I and Level II violations, the former being the more serious category which is referred to the Board, and the latter, minor violations, referred to HOAPS.

Staff notes Section 13-5-24, HAR, identified land uses in the Resource subzone, R-7, MINING AND EXTRACTION, D-1, provides guidelines for the mining and extraction of any material or a natural resource. However, this requires the acceptance of a Conservation District Use Application (CDUA) for processing, and the approval of the BLNR.

Staff notes the Land Division administrative rules also apply to this enforcement action pursuant to Chapter 222, Unencumbered Public Lands, Section 13-221-23, HAR, GEOLOGICAL FEATURES, and Section 171-58.5 9 HRS, PROHIBITIONS.

Staff notes alleged Mr. and Mrs. Kop removed enough ili ili rocks to fit into sixteen five gallon buckets. Staff notes the removal of the ili ili rocks is illegal; authorization and a permit would have been required from the Land Division and the OCCL. Staff notes the proper authorization and/or the required permits were not received.

Staff notes the alleged Mr. and Mrs. Kop noted they were taking the rocks for cultural purposes. However, staff notes according to the Department of Commerce and Consumer Affairs, Trade Name Information site, Syl, and Michael Kop are two of three registered officers for the Hula Supply Center, Inc; a commercial enterprise (**Exhibit 5**).

Staff further notes that the Hula Supply Center website Hula/Implements category Link: [http://www.hulasupplycenter.com/catalog/index.php?cPath=28\\_35](http://www.hulasupplycenter.com/catalog/index.php?cPath=28_35) (see attached September 9, 2008 printout) indicates the Hula Supply Center sells sets of 4 ili ili stones (**Exhibit 6**). A site visit to Hula Supply Center on July 8, 2008 notes they sell four Ili ili stones for \$12.00. Staff notes the five gallon buckets could hold approximately 100 ili ili rocks of medium size. Staff notes sixteen five gallon buckets times 100 ili ili rocks = 1600 ili ili rocks. Divide this figure by the number four (set Hula Supply Center sells) equals 400 sets of ili ili rocks times \$12.00; total \$4,800.00<sup>2</sup>.

Staff has considered the department's mechanism for the imposition of fines for the unauthorized taking of river rocks by the alleged Mr. and Mrs. Kop. Staff recommends to the Board of Land and Natural Resources that the alleged Mr. and Mrs. Kop be fined \$2,000.00 for the unauthorized taking of ili ili rocks from Waiehu Beach.

Staff further recommends to the BLNR that the alleged Mr. and Mrs. Kop are fined for the following administrative fines - OCCL administrative fine \$500.00; and DOCARE Maui Branch fine \$1,000.00; **total fine \$3,500.00**.

This submittal and notice of the Board's meeting will be sent to Mr. and Mrs. Kop by certified mail and to the address of record in Hawaii. In addition, staff will request DOCARE's assistance in an attempt to personally serve them with this submittal and notice of the BNLNR's meeting in person.

---

<sup>2</sup> However, staff notes the buckets were seized by DOCARE. Staff is recommending a fine of \$2,000.00 versus the fair market value and is considering this one enforcement action.

**STAFF RECOMMENDATION:**

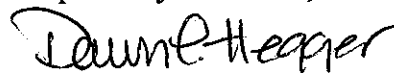

1. That Mr. and Mrs. Kop did in fact, authorize, cause or allow the unauthorized taking of ili ili rocks from the Waiehu Beach to occur;
2. That the unauthorized land use conducted by Mr. and Mrs. Kop is of a serious and willful nature;
3. That the unauthorized land use occurred within the State Land Use Conservation District, Resource subzone.

**AS SUCH, STAFF RECOMMENDS AS FOLLOWS:**

That, pursuant to Chapter 183C, HRS, the Board of Land and Natural Resources find Mr. and Mrs. Kop in violation of HRS, Chapter 183C and HAR, Chapter 13-5, and subject to the following:

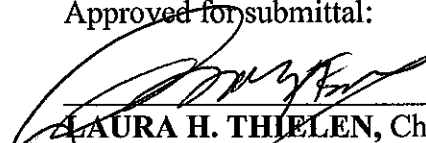

1. That Mr. and Mrs. Kop did in fact violate the provisions of Chapter 183C, HRS, and Chapter 13-5, HAR, in one instance by failing to obtain the appropriate approval for the unauthorized taking of ili ili rocks from Waiehu Beach; that Mr. and Mrs. Kop are fined \$2,000.00;
2. That Mr. and Mrs. Kop are fined an additional \$1,500.00 for administrative costs associated with the subject violations; total fine \$3,500.00;
3. That Mr. and Mrs. Kop shall pay **\$3,500.00** within thirty days of the date of the Board of Land and Natural Resources action;
4. That in the event of failure of the Mr. and Mrs. Kop to comply with any order herein, they shall be fined an additional \$2,000.00 per day, until the order is complied with;
6. That in the event of failure of Mr. and Mrs. Kop to comply with any order herein, the matter shall be turned over to the Attorney General for disposition, including all administrative costs.

Respectfully submitted,

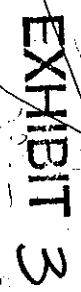

Dawn T. Hegger,  
Senior Staff Planner

Approved for submittal:

## Search for a Business Name

Search for a business by name. You can obtain business information and then proceed to purchase a certificate of good standing.

Name

Search term must contain three or more letters.

Examples: hospital, Kapiolani, Hawaii Information Consortium

Please note: The results of this search should not be used as a definitive method to determine name availability. The purpose of this search is simply to determine whether a company/entity exists and to provide basic information on the company/entity. Contact the Department of Commerce and Consumer Affairs - Business Registration Division at (808) 586-2727 for assistance with business registrations. If you are registering a business entity name, NEVER assume the name is available until you have received a response from the Business Registration Division. You may also read the [Business Naming Rules](#).
